The average price range for accommodation in hotels/residence halls is between 50 € per night and 100 € per night according to the standards and kind of room you book.

Alternative accommodation in private flats located near the Academy is also available upon request (also in this case NABA does only provide general information on accommodation, but students will have to deal directly with the landlords). Costs vary according to the apartment, most of the accommodation provided is in double rooms.

Students usually share double rooms in 4 or 6 people apartments. The average price for a place in a double room for 2 weeks is 450 €, for 4 weeks is 800 €.

In both cases NABA only acts as an information provider and cannot take any responsibility for any issues related to the booking procedure or accommodation complaints.
